To Whom It May Concern:

Recently, Special Olympics Indiana – Ripley Ohio Dearborn Counties had the pleasure of having Paul Kelley, (alias Conner the Clown) perform a self-esteem seminar at our Discovery Camp.

His simple approach to juggling allowed the participants to see that accomplishing goals in life, like juggling, could be attained. He pointed out that if we had belief in ourselves, identified and practiced simple step-by-step methods, we could with perseverance; accomplish many of our life's goals.

He was very professional and was very well received. Many of our athletes learned to begin to juggle as a result of his presentation.

Our athletes enjoyed his presentation and we highly recommend him as a motivational speaker with a message that is universal.

Sincerely,
